FILM  
CIRCUIT

In Partnership With  
ALGONQUIN THEATRE

Presents

**A Special Fundraiser for the Huntsville High School  
Hoya Robotics Team • Saturday, May 9/26 @ 2pm**

**SPONSORSHIP**

**OPPORTUNITIES**

**100% of film sponsorship dollars and Reel Alternatives ticket proceeds  
will be donated to the student team**

Support some of the brightest young minds in the world design, build and compete with their next championship robot right here in Huntsville. This team punches way above their weight on the world stage but they need to raise an annual budget of \$60,000 to do so. Reel Alternatives is donating their proceeds from *Wall-E* ticket sales as well as all sponsorship funds raised for this screening. We hope you will support these bright students too!

All Wall-E film sponsors will receive logo recognition (based on sponsorship level) and a link and promotional message on Reel Alternatives channels including:

**Eblast to 1000 subscribers | Website | Facebook & Instagram | Media Release | Program**

**Acknowledgement on film night with the opportunity to present a promotional offer or giveaway**

**Presenting  
Sponsor(s)**

**\$5000+**

**All-Star  
Sponsor**

**\$1000+**

**Champion  
Sponsor**

**\$500+**

**Team  
Supporter**

**\$175+**

**Help Reel Alternatives help the Hoya Robotics team achieve their goals and dreams!**

## About the Hoya Robotics Team

Every January, First Robotics presents high school teams across the world with the challenge to build a robot to carry out defined tasks efficiently and accurately in order to win points. They only have *six weeks* to design, build, program, and test the robot before events. To do so, they work collaboratively and creatively as a team—skills that will translate into real world problem-solving.

### **They Are a Team of Champions!**

In 2025 the Hoya Robotics team won the North Bay District event. They also represented Huntsville on the World stage, finishing in third place in their division. For the season they ranked in 86<sup>th</sup> out of 3,700 teams worldwide!

Designing, building and programming a robot from scratch and then competing across the province takes financial and in kind support. This team has a proven track record of members turning pro. Their alumni are currently working in industries locally and across Canada. They give credit to the skills they developed on the HHS robotics team to the success they have achieved. Your financial support allows ALL interested high school student to compete at an elite level, regardless of their socio-economic status.

## About Reel Alternatives

To learn more visit [reelalternativeshuntsville.ca](http://reelalternativeshuntsville.ca)

This non-profit group, which is affiliated with TIFF (the Toronto International Film Festival) has presented quality Canadian and international films in Huntsville since 1998. Reel Alternatives gives back to the community through donations to area library movie collections, independent film projects and a post-secondary school scholarship. Wall-E is our first fundraising screening, and we appreciate whatever support the community can provide for the students!
